

Horizontal Sliding Wall

Heavy Duty System

KALDOOR

Model

DESCRIPTION:

The Kaldoor Model offers a sophisticated solution for opening and closing spaces, featuring an advanced sliding system that brings convenience and style to any environment. With its modern design, it successfully combines functionality with aesthetics, allowing easy access between rooms or between indoor and outdoor areas.

The system is made from high-quality materials that ensure durability and long-term use, providing a smooth and reliable user experience. The Kaldoor Model is suitable for a wide range

of settings, including private homes, offices, restaurants, and cafes, making it an ideal choice for anyone looking to add a unique touch to their space.

Thanks to customizable options, you can select the finishes and colors that best match your style, transforming the system into a design element that not only looks great but also seamlessly integrates with its surroundings.

Whether you're looking to upgrade your home or create a special atmosphere in your business, the Kaldoor Model is the perfect choice for enhancing your space

**One wheel carrying up to 150 kg**

With its special design, oneSpeed-HD wheel can carry up to 150 kg that provides perpetual motion with minimum noise and friction. There are 4 bearings for carrying and 2 bearings for stability.

**Easy Locking System**

The new system brings simplicity. It can be installed effortlessly in the bottom door rail and it offers a comfortable and easy opening/closing of the panels.

One Profile 3 HD systems

Thanks to its special designed profile that can be used in 3 different systems; Atrium HD, Momentum HD and Centrum HD.

Glass Pins

The glass is not only mounted into panels with chemicals but also with pins can be mounted into the glass. This allows a safer usage for end users at higher places.

Soft Touch- Non Dirt Surface

Horizontal Sliding Wall has been developed considering both decorative aspect and functionality. upon request, the system can be dyed in special gilded, dirt-free ESPC paint.

Easy Cleaning Inside & Outside

Horizontal sliding walls' special design allows all panels move individually so all panels can be cleaned 100 %.

Anticorrosion Warranty Just like in other POLIGAN products, in Heavy Duty Systems, all accessories are warranted for anticorrosion.
